# TERMS OF SALE

## MASTER LOCK COMPANY TERMS OF SALE – EFFECTIVE JANUARY 2017

All orders are subject to acceptance by Master Lock Company LLC, Milwaukee, Wisconsin, USA

### PRICES:

- All prices are stated in US dollars (\$).
- Orders are subject to prevailing prices on order acceptance date.
- 10% will be added for less than Master Carton quantities per customer program.

### MINIMUM ORDER:

- US\$50 on all catalog items except parts and keys.

### ADDITIONS/CHANGES:

- Once your order has been processed, additions, cancellations or changes may not be accepted. A separate order may be required.
- Items are subject to discontinuation without notice.

### FREIGHT TERMS:

- All shipments within the US and Canada are FOB destination.
- Shipments to Alaska or Hawaii will be to US port of exit (Seattle or Los Angeles)
- Master Lock Company will pre-pay freight charges on all orders over US\$1,000 (based on net prices) to a single destination within the contiguous United States or Canada.
- Orders destined to Alaska or Hawaii ship prepaid to the customer's designated freight forwarder in either Seattle or Los Angeles.
- Freight charges on orders less than US\$1,000 (net) will be shipped on a Prepay & Add basis. Freight charges will be added to the customer's invoice.
- Master Lock Company reserves the right to select both the carrier and mode of transport when shipping on a Prepaid or Prepay & Add basis.
- Customer is responsible for any charges in excess of normal transportation that result from services requested by the receiving party.
- For an International Shipment that is a Routed-Transaction – the Buyer's [consignee's] freight forwarder is responsible for export clearance and AES filing.

### CLAIMS:

- You must report any claims for shortages or damages for which Master Lock Company or our freight carriers are responsible within 30 days of receipt of merchandise.
- Receivers must note visible discrepancies on the carrier's copy of the delivery receipt in order for the claim to be considered valid. Visible discrepancies include, but are not limited to, open, torn, crushed or water damaged cartons, piece counts that do not match the delivery receipt, etc.
- Master Lock Company uses yellow stretch-wrap. If freight is received with stretch-wrap that is clear or any other color, it should be noted on carrier's copy of the delivery receipt.
- Concealed damages must be reported within five business days of receipt of merchandise in order to determine liability.
- All carriers' claims on Prepaid (or Prepay & Add) shipments are filed by Master Lock Company.

## How To Order

Orders may be placed via Electronic Data Interchange (EDI), online ordering at [www.masterlockshop.com](http://www.masterlockshop.com), facsimile to 1-800-308-9245 or e-mail at [orders@mlock.com](mailto:orders@mlock.com). Telephone orders may also be placed by calling Master Lock Company Customer Care at 1-800-308-9242 or 1-800-308-9244. To best assure order accuracy and validate information, we reserve the right to require a hard copy of an order prior to processing a phone request.

Order confirmation is available via e-mail or fax.

For convenience, online order tracking is available 24 hours a day at [www.masterlock.net](http://www.masterlock.net).

Please contact our Customer Care Team for details.

### When Ordering Products, Please:

- A. Indicate your customer account number, billing address (including zip code), contact name, phone and fax numbers.
- B. Specify complete model number, quantity, and price.
- C. Be sure to specify key number if needed.
- D. Order by units listed, such as each lock or package of service parts.
- E. Indicate color of lock if applicable, (i.e., 6835GRN).
- F. When ordering combination locks for schools or institutions, indicate name and location address (including zip code) of end user.
- G. When ordering laser engraving, indicate clearly which areas of the padlock to engrave. **All engraving requests must be accompanied by a fully completed laser layout sheet.**

**Customer Care Hours:** Weekdays 7:30 a.m. to 5:00 p.m. Central Standard Time (C.S.T.). Orders may be faxed or emailed 24 hours a day. All orders received weekdays by 3:00 p.m. C.S.T. will be entered the same day.

### EDI

Master Lock Company is able to accept purchase orders, transmit invoices and Advance Ship Notices (ASN), and receive forecast and Point of Sale (POS) data via EDI. Master Lock Company utilizes the ANSI X.12 standards. For more information on EDI, contact your Master Lock Company Sales or Customer Care Representative.

### RETURNED GOODS:

- No merchandise may be returned without authorization from Master Lock Company.
- All returns must have a Returned Material Authorization (RMA) Number issued by Master Lock Company Customer Care.
- The RMA must be shown on all labels and correspondence with regards to returned merchandise.
- All returns must be prepaid and returned within 30 days of authorization in order to receive credit.
- A minimum 15% handling charge will be assessed on authorized returns.
- Returns received without prior authorization (RMA Code) may be returned to the customer.
- Returns will not be authorized for custom "Made To Order (MTO)" products and/or products built to a specific customer requirement such as laser engraved, master keyed, or keyed alike products.

### LIMITED LIFETIME WARRANTY:

- If this product or any part of the product fails due to a defect in materials or workmanship at any time during the life of the product, Master Lock Company LLC ("Master Lock") will repair or replace the product or part free of charge. Simply contact Master Lock at [www.masterlock.com](http://www.masterlock.com) or 1.800.464.2088 for instructions on obtaining repair or replacement. Canadian customers please call 1.800.227.9599.
- This limited warranty applies only to defects in materials and workmanship, and does not cover products which have been abused, altered, damaged, misused, cut or excessively worn.  
**TO THE EXTENT PERMITTED BY LAW, MASTER LOCK DISCLAIMS ALL OTHER IMPLIED OR EXPRESS WARRANTIES INCLUDING ALL WARRANTIES OF MERCHANTABILITY AND/OR FITNESS FOR A PARTICULAR PURPOSE.**
- This limited warranty is your sole and exclusive remedy and MASTER LOCK shall not be liable for any damages, whether direct, indirect, incidental, special, consequential, exemplary, or otherwise, including property damage, lost revenues and lost profits, arising out of any theory of recovery, including statutory, contract or tort.
- This limited warranty gives you specific legal rights, and you may also have other rights which vary from state to state and province to province.
- For complete warranty details please visit [www.masterlock.com](http://www.masterlock.com).

## TERMS AND CONDITIONS

### ORDERING:

- Direct purchasing distributors with registration and log-in credentials can place orders on-line at [www.masterlockshop.com](http://www.masterlockshop.com). Click on the Express button to register for Express ordering.
- Alternately, Express orders only can be placed via a dedicated fax at 866-808-2705.
- We guarantee to ship all orders received by 2 p.m. C.S.T. the next business day.
- Each Express order is shipped complete.

### ORDER CONSIDERATIONS:

- No laser engraving, special stamping, immediate key charting or Edge® key control options offered. Key charting can be done by filling out and submitting a key registration form.
- Maximum order of 400 items per day per distributor. If you have a larger order, please contact Customer Service.

- Minimum order of US\$50. Minimum order is waived when placed at [www.masterlockshop.com](http://www.masterlockshop.com).

- If you have any questions or need more details, please contact American Lock Customer Service at 1-800-323-4568.

### PRICING:

- For all padlock orders, there is a 15% additional charge on the final padlock configuration.

Ex. A700KA list price (Express): **\$41.42** = (\$34.97 + \$1.05) x 1.15

A1105RED list price (Express): **\$16.87** = \$14.67 x 1.15

- 10% will be added for less than master carton quantities

### FREIGHT TERMS:

- Standard freight qualification terms apply to this program. Premium delivery (i.e. next day, 2 day, etc.) costs are the customer's responsibility.

## Advanced Cylinder Technology

### Lock Bumping –

Lock Bumping has become a legitimate security threat as information on the topic has become widely exposed in the news media and on the internet.

In response to this threat, the Master Lock Company developed our exclusive patent-pending BumpStop® Advanced Technology that prevents the transfer of force from the bump key to the pins and blocks rotation of the cylinder. With a reverse rake tapered driver pin, high performance spring and precision tolerance chamber, our 4, 5 and 6-pin BumpStop® products **exceed** the ASTM F883-09 Standard for Grade 6 lock bumping resistance.

BumpStop® is available in a full range of American Lock padlocks and security products today!  
Model Number Option: N      List price adder: \$1.05

**AMERICAN  
LOCK®**

The Locksmith's Lock®

## Solid Steel Padlocks – Maximum Outdoor Security

### Rekeyable Hidden Shackle Padlocks

- Greatest physical security – defy bolt cutters and prying
- Rekeyable – replaceable cylinder and shackle
- 6-pin tumbler cylinders provide superior pick resistance with tens of thousands of key changes
- Hardened solid steel lockbody withstands forcible attacks
- Fasten hidden shackle padlock (A2010) to high security hasps (A801 & A802) for maximum security and convenience – A801LHC & A802LHC
- No. A802LHC can be used for overlapping doors

A2010

No. A800LHC

No. A801LHC

No. A802LHC

### Solid Steel Padlocks

- Case hardened, chrome plated, solid steel bodies resist cutting, sawing and corrosion
- Hardened boron alloy shackles for superior cut resistance
- Dual ball bearing locking mechanism resists pulling and prying
- 5 & 6-pin cylinders are pick resistant with tens of thousands of key changes
  - Serrated pins are virtually impossible to pick
- Rekeyable – replaceable cylinder and shackle
- Stainless steel cylinder pins for increased drill resistance – A780 & A790 Series
- Shrouded shackles defy cutting and sawing – A748, A5360 & A5300 Series
- Pick resistant, rekeyable 7 pin tubular cylinder provides over 50,000 key changes and meets NAMA standards – A7300, A7260 & A7200 Series
- Debris resistant, rekeyable cylinder performs extremely well in external applications – AH10 Series
- Non-rekeyable solid steel padlocks where padlock service is not necessary – A50 Series
- Fits Knaack® and Watchman® IV job boxes, stainless steel cylinder pins for increased drill resistance – A50HS
- Weatherbuilt™ Padlock Protection option available – A5260 & A5200 Series

Nos. A790 & A780

Nos. A748, A5360 & A5300

No. A700

No. A5260COV

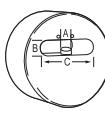

No. A7300

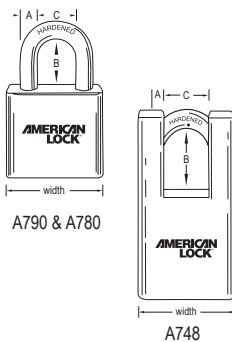

No. AH10

## Rekeyable Padlocks — Hidden Shackle Products

Example	A2010KA	\$51.46	
Base Model	Description	Price/ea.	
	A2010 2-7/8in (72mm) wide, Case Hardened, Chrome Plated, Solid Steel body, Boron Shackle, A = 3/8in (10mm), B = 19/32in (15mm), C = 1-23/32in (43mm), 6-pin APT2001 cylinder - Shelf Pack = NA, Master Carton = 12	\$50.41	
	A802LHC High Security Hasp for overlapping doors (A802) fastened to Solid Steel lock body (A2010), Boron Shackle, A = 3/8in (10mm), B = 19/32in (15mm), C = 1-23/32in (43mm) - Shelf Pack = NA, Master Carton = 6	\$74.46	
	A801LHC High Security Hasp (A801) fastened to Solid Steel lock body (A2010), Boron Shackle, A = 3/8in (10mm), B = 19/32in (15mm), C = 1-23/32in (43mm) - Shelf Pack = NA, Master Carton = 6	\$70.76	
	A800LHC High Security Hasp (A800) and Solid Steel lock body (A2010), Boron Shackle, A = 3/8in (10mm), B = 19/32in (15mm), C = 1-23/32in (43mm) - Shelf Pack = NA, Master Carton = 6	\$69.31	
<b>BumpStop® Cylinder Technology</b>			
N	Anti-Bump Cylinder Technology ( <i>Not available with WO &amp; WCS Option or UN &amp; KZ Option</i> )	\$1.05	
Keying	Standard: Keyed Different		
UN	Uncombinated (Zero bitted cylinder & no keys) - <i>Available with WP6 &amp; WP4 options only</i>	-\$4.00

**AMERICAN  
LOCK®**

The Locksmith's Lock®

## Solid Stainless Steel Padlocks – Highest Corrosion Resistance with Strong Security

### Solid Stainless Steel Padlocks

- Offers strong security and the highest resistance to harsh weather and caustic or salty conditions
- Exceeds ASTM Grade 6 requirements for padlock corrosion resistance, with stainless steel body, shackle, ball bearings, springs and trap door, and brass cylinder and actuator
- Offering the custom make-to-order options you've come to expect from American Lock, stainless steel padlocks come in 1-3/4in and 2in widths, with a choice of 1-1/8in or 2in shackle heights
- Stainless steel shackles with dual ball locking offer strong resistance to cutting, sawing and prying; serrated cylinder pins resist picking
- Designed to secure equipment and buildings in outdoor or corrosive environments, such as heavy-duty industrial or marine equipment and factories, and outdoor structures such as sheds, gates or other buildings
- Rekeyable, making them easy to service, with replaceable 5- and 6-pin cylinders that provide tens of thousands of key changes
- Optional upgrades include BumpStop® Advanced Cylinder Technology, Edge® Key Control and Weatherbuilt™ Padlock Protection
- Laser engrave company logo, employee name or key number

## Solid Brass Padlocks – Maximum Outdoor Security

### Solid Brass Padlocks

- Solid brass bodies resist corrosion – ideal for harsh environments
- Hardened boron alloy shackles for superior cut resistance
- Dual ball bearing locking mechanism resists pulling and prying
- 5 & 6-pin cylinders are pick resistant with tens of thousands of key changes
  - Serrated pins are virtually impossible to pick
- Rekeyable – replaceable cylinder and shackle
- Debris resistant cylinder performs extremely well in external applications – AL50 Series
- Non-rekeyable solid brass padlocks where padlock service is not necessary – No. A20 & A40 Series
- Weatherbuilt™ Padlock Protection available – No. A5570, A5560 & A20 Series

The Locksmith's Lock.

**AMERICAN  
LOCK**

## Door Key Compatible Cylinders and Padlocks

Same Key Can Open All Locks

- Use the same key that opens your security doors
  - Improve key control • Security • Convenience • Safety
- Cylinders may be ordered both as part of a complete American Lock® Door Key Compatible padlock assembly, or separately, keyed up and ready to plug into your system
- Padlock bodies will also accept the following OEM cylinders: Medeco® #20W20000 6-pin cylinder, Schlage® (6-pin Key-in-Knob), Assa® (65611), Schlage® Primus® & GMS® cylinders

### Cylinder Options

D200WP Master Lock® Edge® Key Control	D13 Falcon®/ Weiser® (composite)	D12 Kwikset® (composite)	D04 Schlage® C	D28 Schlage® P (accepts C-L)	D03 Yale® 8
------------------------------------------------	-------------------------------------------	--------------------------------	-------------------	------------------------------------	----------------

### Door Key Compatible Padlocks

- Hardened boron alloy shackles for superior cut resistance defy bolt cutters and prying
- Dual ball bearing locking mechanism resists pulling and prying
- Rekeyable – replaceable cylinder and shackle

### Solid Steel Padlocks

- Case hardened, chrome plated, solid steel bodies resist cutting, sawing and corrosion

No. A3800

### Solid Brass Padlocks

- Solid brass bodies resist corrosion
  - ideal for harsh environments
- Optional brass shackles available for increased corrosion resistance

No. A3600

No. A3701

## Door Key Compatible Cylinders & Padlocks — Steel

Exceeds ASTM F883-09

**AMERICAN LOCK®**

The Locksmith's Lock®

## Interchangeable Cores & Padlocks

- Padlock bodies will also accept the following standard size OEM cores: Best®, Best® PKS®, Arrow®, Falcon®, Kaba® Peaks®, KSP® & Lori®
- Cores may be ordered both as part of a complete American Lock IC padlock assembly, or separately, keyed up and ready to plug into your system

Interchangeable core keyways including Best® and Standard.

### Interchangeable Core Padlocks

- Hardened boron alloy shackles for superior cut resistance
- Dual ball bearing locking mechanism resists pulling and prying
- Rekeyable – replaceable cylinder and shackle

### SMALL FORMAT INTERCHANGEABLE CORE PADLOCKS

#### Solid Steel Padlocks

- Case hardened, chrome plated, solid steel bodies resist cutting, sawing and corrosion
- Available with Weatherbuilt™ Padlock Protection option

No. A3260COV

No. A3200

### LARGE FORMAT INTERCHANGEABLE CORE PADLOCKS (Cores not available)

#### Solid Steel Padlocks

- Case hardened, chrome plated, solid steel bodies resist cutting, sawing and corrosion
- Accepts Schlage®, Everest® and Primus® Cores – A3900S Series

No. A3900S

#### Solid Brass Padlocks

- Solid brass bodies resist corrosion – ideal for harsh environments
- Optional brass shackles available for increased corrosion resistance
- Available with Weatherbuilt™ Padlock Protection option

No. A3570COV

No. A3560

#### Solid Aluminum Padlocks

- Corrosion resistant solid aluminum – ideal for harsh environments
  - Lightweight and spark resistant
- Variety of anodized finishes for easy identification
- Accepts Yale® 1220 core – No. A1405 Series

No. A1405RED

#### Solid Aluminum Padlocks

- Corrosion resistant solid aluminum – ideal for harsh environments
  - Lightweight and spark resistant
- Variety of anodized finishes for easy identification

No. A3105RED

Best®, Arrow®, PKS®, Falcon®, Kaba®, Peaks®, KSP®, Lori®, Schlage®, Everest®, Primus® and Yale® are registered trademarks of their respective owners.

## Tubular Cam Locks & Inner Cylinder Locks

- 7-pin tubular cylinders offer outstanding security with over 50,000 key changes
- Products meet NAMA standards

### Tubular Cam Locks

- Hardened anti-drill steel security pin
- Removable flat and offset cams offer application flexibility

No. A8068

No. A8118

No. A8078

No. A8148

### Inner Cylinder Locks

- Adaptable to most "pop out" door handle locking mechanisms
  - Keyable to Chicago Ace®, Ace® II & Fort Lock® Gem
- Hardened steel face and locking bolt

No. A8300

## Disc Cam Locks & Universal Mailbox Locks

### Disc Cam Locks

- Applications: office and lab furniture, appliances, tool boxes and more
- 5 disc tumbler cylinder
- 15/16in (24mm) head diameter, 3/4in (19mm) mounting hole diameter
- Bright brass and bright nickel finishes
- All disc cams ship with 1 flat cam & 1 reversible offset cam, 90 & 180 degree stop plates and mounting hardware
- Keyed-different and keyed-alike

### Universal Mailbox Lock

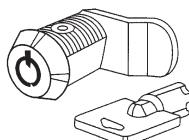

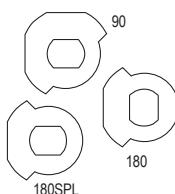

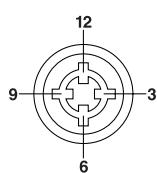

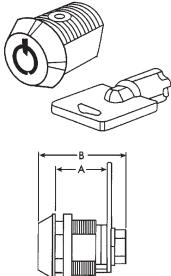

- Secure 5-pin tumber cylinder
- 9 reversible cams in lengths from 1in (25mm) to 1-7/8in (48mm) and offsets from 1/64in (.4mm) to 1/2in (13mm)
- 90 degree operation
- Includes 2 keys per lock
- Bright nickel finish
- Keyed different

Lori®, Chicago Ace®, Ace®, Fort Lock® are registered trademarks of their respective owners.

## Government Locks

American Lock® has been known as The Locksmith's Lock with a padlock line offering unsurpassed quality and superior product performance. With over 90 years of precision machining and quality manufacturing, American Lock products exceed commercial industry standards in securing high-value property, withstanding extensive use and harsh environments, and defeating attempts to breach security at any level.

Protecting assets at facilities throughout the world, American Lock has delivered pride and workmanship through products such as our EDGE® key control product, Weatherbuilt™ padlock protection for harsh environments and of course padlocks made to exact Government CIDs and PIDs. American Lock products are warrantied for life and continue to offer quality, value and technical innovation.

For over 60 years, American Lock has provided security solutions to every segment of the U.S Government and military defense agencies. With our unmatched line of security products, American Lock has over 60 NSNs assigned to our product line to meet the most urgent of applications.

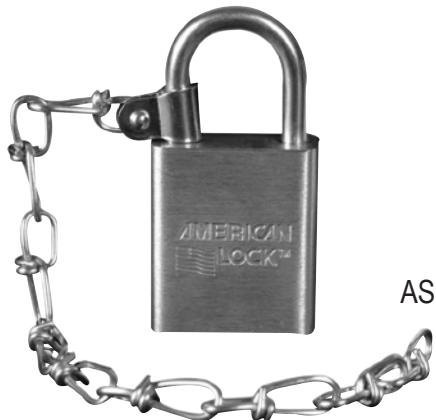

- Where required, American Lock products are designed to stringent government standards, CID-A-A-59486, CID-A-A-56487 and ASTM F883
- BumpStop® Advanced Cylinder Technology option exceeds ASTM Grade 6 resistance to surreptitious attack
- Make-to-order capability – security products built and keyed to your requirements: shackle options, keying flexibility, laser engraving, key control and custom sets available
- 5-pin tumbler cylinder for added security
- More than 10,000 key changes available for maximum pick resistance
- Dual locking for superior pry resistance
- Most models are stamped "US"; sets are stamped "US SET"
- Non-removable keys available for added security

See [www.americanlock.com/government](http://www.americanlock.com/government) for complete listing of NSNs, Make-to-Order products and pricing.

## Services

**The services below are all available at an additional charge.  
Please contact your American Lock representative for a quote.**

### **PADLOCK KEYING OPTIONS**

- **Keyed Different (KD)** - Each padlock has its own unique key. All products are made keyed different unless requested otherwise.
- **Keyed Alike (KA)** - Keyed alike is a term used to describe a set of padlocks which can be opened with the same key. Keyed alike offers convenience to customers who use numerous padlocks by eliminating multiple keys. Many domestically produced products are available keyed alike. (Padlocks and cylinders can also be keyed-alike in sets or groups.)
- **Master Key (MK)** - In a master key system, one key operates all the master keyed padlocks or cylinders in one or more groups.
- **Rekeyable** - Rekeying is the process of removing a padlock's cylinder and either rearranging the cylinder pins to different locations in the cylinder chamber or completely replacing the pins. Finished replacement cylinders are available from American Lock for a quick and easy rekeying process. The advantage of a padlock with a rekeyable cylinder is that when there is employee turnover or when a key is lost or stolen, the padlocks can be easily serviced rather than replaced. Many American Lock padlocks are available with this feature.
- **Restricted (R)** - American Lock offers restricted key systems with factory controlled keyways. This feature offers added security by restricting unauthorized key duplication.
- **Edge® Key Control (WP)** - American Lock offers patent-pending Edge® Key Control. The manufacturer is the only producer of key blanks. Key blanks and cut keys are strictly controlled by the manufacturer. (Patented cylinder and keys are protected by law from unauthorized duplication.)
- **Master W1, W15, W17, W27, W81** - Cylinders which are keyable to Master Lock® padlocks.
- **Non-Removable Key (NR)** - The key cannot be removed from the padlock when the padlock is open. This helps prevent users from accidentally leaving the padlock in the open position. Only selected padlocks offer this option.

### **KEY CHARTING**

- Customers can benefit fully from the large American Lock change key ranges by having us chart your keying system for you. We will keep a complete record of the progressive key codes assigned and manufactured into your padlocks for each order. You will be assured that there is no unwanted key duplication with the padlocks you purchase over time. Be sure to request this special service with your next order so that all locks purchased from that point forward will be manufactured to comply with your key system requirements. Any orders placed by an end user or distributor should note that they are on a key charting system, or reference their End User I.D. Number.

### **STAINLESS STEEL PINS (SP)**

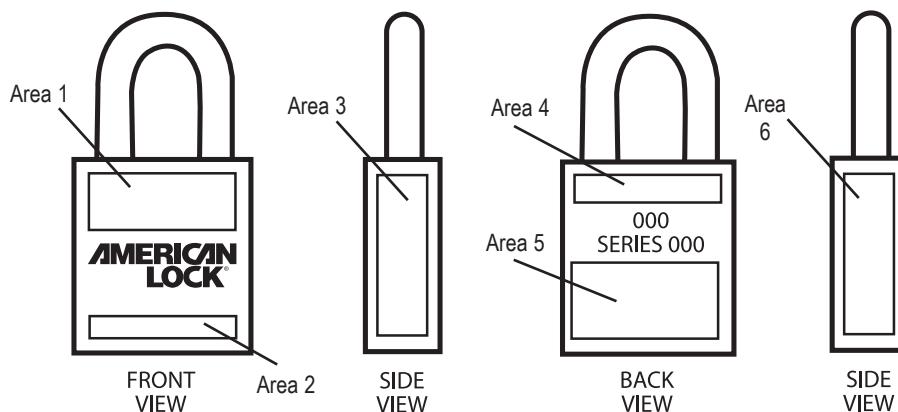

- Stainless Steel pins can be recommended if a customer has an application that requires more drill resistant security such as a remote job site or high theft areas.
- Minimum order requirements: 500 pieces
- Lead time: 4-6 weeks

### **CHAIN AND TAG ATTACHMENTS**

- Small chains may be attached to padlock shackles in order to affix padlocks to truck doors, gates, equipment, or other applications.
- Brass tags may be affixed to padlocks for identification purposes. These items are available separately, or can be attached at the factory.
- See page 60

### **SPECIAL POWDER COAT FINISHES**

- American Lock Company can provide custom powder coated finishes in a variety of colors. The powder coat is a tough e-coat finish that is chip resistant.
- Minimum order requirements are 2500 pieces.
- Lead time ranges and costs will vary with the type of finish required, approximately 12-16 weeks for the first order.

**Custom Marking****LASER ENGRAVING**

- Laser Engraving (LZN, N=1-6) allows for easy identification of padlocks that is a permanent mark on the padlock that cannot be removed. Some applications are:
  - Safety Lock-out
  - Employee locker identification
  - Company logos for brand identification
- Six areas on an American Lock solid body aluminum and brass can be engraved for easy padlock identification.
- Numbers, letters, company logos, or alphanumeric characters can be added to a padlock.
- Logo engraving available in Area 1 & 5 only.
- There are a variety of type styles and sizes for text to choose from, or a customer can send a copy of their company logo and American Lock can permanently engrave it on a padlock.
- Not recommended for clear locks.
- Contact American Lock for order forms.

**PAD PRINTING**

- Custom pad printing is a great way for customers to personalize padlocks with an inexpensive, four color process. Candidates for this service are
  - Schools
  - Large institutions and manufacturing plants
  - Companies that want to increase brand awareness
- Companies can print logos, numbers, letters, or alphanumeric characters using a plastic resin paint that is fade and scratch resistant for five years.
- A logo can be made in up to four colors for easy identification with detail that can create magazine quality images.
- This process can be applied to any solid body padlock. Minimum order quantities are 1,000 pieces.
- Delivery of first order can take up to eight weeks.
- Contact American Lock for order forms and pricing.

**OTHER**

- **Custom Logo Stamping**
  - Companies can request custom logo stamping from American Lock.
  - For orders over 500 pieces, American Lock offers customer logo stamping on the padlock.
  - Costs vary for this type of service depending on the detail of the logo and padlock body.
  - Lead time: 10 - 12 weeks.
- **Other Stamping Options**

	Price/ea.
Key Stamping: Alpha numeric characters (HSK)*	\$1.00
I.D. Tag	\$2.05
Tag Stamping: Alpha numeric characters (HST)	\$1.00
Interchangeable Core Stamping	\$1.10
Bottom of Cylinder (VKC)	\$1.10
Concealed Side of Cylinder (CKC)	\$1.10

\*Note: Key Stamping: (HSK) Alpha numeric characters (Priced PER KEY)

KEY BLANKS: See pages 50-51 for respective key blanks or cut key information.

## Padlock Cylinders

Example	APTC12 UN WP6	\$11.17
Base Model	Description	Price/ea.
APTC12	5-pin Cylinder for Series A700, A1000 & A6000 Padlocks - 1 unit/pkg, Shelf Pack = 12, Master Carton = 240	\$5.37
APTC14	6-pin Cylinder for Series A700, A1000 & A6000 Padlocks - 1 unit/pkg, Shelf Pack = 12, Master Carton = 240	\$6.45
APT2001	6-pin cylinder for Series A2000, A2001 & A2010 Padlocks - 1 unit/pkg, Shelf Pack = 6, Master Carton = 120	\$13.02
APT748	6-pin Cylinder for A748 Padlock - 1 unit/pkg, Shelf Pack = 12, Master Carton = 240	\$7.50
AHTC2	7-pin Tubular Cylinder for Series A7000. (Keyable to Ace®, Ace® II & Gem® Cylinders) - 1 unit/pkg, Shelf Pack = 12, Master Carton = 240	\$9.41
ABTC1	10 Blade Cylinder for Series AH10 and AL50 - 1 unit/pkg, Shelf Pack = 12, Master Carton = 240	\$5.37
APTW1	4-pin Master Lock® W1 Cylinder for Series A700, A1000 & A5000 Padlocks - 1 unit/pkg Shelf Pack = 12, Master Carton = 240	\$5.91

Exceeds ASTM F883-09  
Grade 6

## BumpStop® Cylinder Technology

N	Anti-Bump Cylinder Technology (Available with APTC12, APTC14 & APT2001, Not available with UN & KZ option)	\$1.05
---	------------------------------------------------------------------------------------------------------------	--------

Keying	Standard: Keyed Different	
UN	Uncombined (Zero Bitted cylinder with no keys) (Available with WP6 & WP4 option only)	-\$4.00
KZ	Zero-Bitted (Not available with AHTC2 model or WP options)	\$0.00
KA	Keyed Alike	\$1.05
MK	Keyed Different; Master Keyed (Option available on APTC12, APTC14, APT2001, & APT748)	\$4.95
KAMK	Keyed Alike; Master Keyed	\$6.00

## Keyway

WR1	WR1 Restricted cylinder (not available with APT2001N)	\$4.00
WR2	WR2 Restricted cylinder	\$4.00
WR7	WR7 Restricted cylinder	\$4.00
WR8	WR8 Restricted cylinder	\$4.00
WP4	Edge® Key Control 4-pin cylinder. Standard: Nickel Silver Keys (APTC12 & APT2001 option only)	\$9.80
WP6	Edge® Key Control 6-pin cylinder. Standard: Nickel Silver Keys (APTC12 & APT2001 option only)	\$9.80

Note: For APT12 models using the Edge® Key Control cylinders, please order actuators (p. 53) and cover plates (p. 53) as needed.  
Reference Service Manual (A-004).

## No. of Pins

5PN	5 Pins (APT2001 option only)	\$0.00
-----	------------------------------	--------

## Pin Material

SP	Stainless Steel Tumbler & Driver Pins (Option available on APTC12, APTC14, APT2001 & APT748)	\$0.75
----	----------------------------------------------------------------------------------------------	--------

## Hard Stamp

HSK	Hard Stamp Key	\$1.00/key
-----	----------------	------------

Number of Keys	Standard: 2 keys per lock	WP Option Keys	Standard Keys
1KEY	1 key per lock	-\$2.00	\$0.00
3KEY	3 keys per lock	\$5.00	\$1.50
4KEY	4 keys per lock	\$10.00	\$3.00
NOKEY	0 keys per lock	-\$4.00	\$0.00

- Specify key code when ordering
- Edge® Key Control cut keys require End User information and dimple pattern

## Services Kits and Tools

Product Number	Description	List Price (Each)	Units/Package
AALSK18	Disc Tumbler Service Kit, Includes: (25) AL50 cylinder retaining pins, (25) AH10 cylinder retaining pins, (25) cylinder retaining screws, (10) AL50 shackle springs, (10) AH10 shackle springs, (100) brass disc tumblers, (10) tumbler v-springs, (10) AL50 small size ball bearings, (10) AH10 large size ball bearings, (10) AH10 knurled shackle pins, (10) AH10 retaining shackle pins, (3) cylinder assemblies with 2 keys per cylinder, (3) AH10 actuators & (3) AL50 actuators	\$69.81	1/Pkg
APK1	Pin Tumbler Service Kit, Includes: 100 ea. Bottom pins 1-8, 100 top pins, (10) driver springs, (5) security screws & (5) security nuts	\$27.40	1/Pkg
ASK8	Pin Tumbler Pinning Kit. Includes: 100 ea. Bottom pins 1-8, 100 ea. master pins 2-7, (100) top pins, (100) driver springs, (12) small A5000 series ball bearings, (12) large A700 series ball bearings, (25) security screws, (25) security nuts, (2) A700 series trap doors, (4) A5000 series trap doors, (1) American Lock 6-pin, APTC14 cylinder, (2) A700 series actuators, (4) A5000 series actuators, (1) American Lock 5-pin, APTC12 cylinder, (10) snap rings & (1) follower tool	\$112.78	1/Pkg
AMRAK1	Mortise and Rim, Cam, Clip & Ring Kit, Includes: (6) 1/8in spacer collars US3 finish, (6) 1/4in spacer collars US3 finish, (6) 1/8in spacer collars US26D finish, (6) 1/4in spacer collars US26D finish, (6) 1/8in spacer collars Duranodic finish, (6) 1/4in spacer collars Duranodic finish, (6) trim rings US3 finish, (6) trim rings US26D finish, (6) trim rings Duranodic finish, (6) Adams-Rite® mortise cams, (6) Yale® standard mortise cams, (6) Corbin Russwin® cloverleaf mortise cams, (6) Adams-Rite® 4070 mortise cams, (12) mortise cylinder cam screws, (6) rim cylinder tailpieces, (6) rim cylinder TP retaining washers, (6) rim cylinder retaining rings, (6) rim cylinder mounting plates & (6) rim cylinder break-away mounting screws	\$96.66	1/Pkg
ATCR3	Tubular Keying Service Kit, Includes: (100) key pins, (100) driver pins, (10) 180 degree stop plates, (10) 90 degree stop plates, (1) shell, (1) ATRT1 rekeying tool & (1) depth key	\$112.78	1/Pkg
AFT	American Lock Padlock Cylinder Plug Follower	\$11.56	1/Pkg
AFT1	Rim & Mortise Plug Follower	\$11.56	1/Pkg
ATRT1	Tool, Cylinder, Spacer (Tubular and Cam Lock)	\$16.38	1/Pkg
APKG0060612	Edge® Follower	\$7.15	1/Pkg
APKG0062260	1/16in Allen Wrench	\$4.07	1/Pkg

- Designed specifically for padlocks, door locks, automotive, marine, and multipurpose applications!
- Keep your locks operating like new in any environment – Snow, rain, freezing temperatures, marine, extreme heat.
- Designed specifically for precision lock components – prevents rust, corrosion, and loosens stuck parts.
- Precision Nozzle – Designed specifically for precise application inside locking devices.
- Synthetic oil with PTFE formula – Provides a long lasting protective shield against dust, dirt, salt and moisture.
- Outstanding temperature range – Synthetic formula operates in cold weather (-45°F) when mineral based aerosols won't. Prevents water build up & freezing lock components.
- Non-toxic & biodegradable – Better for the environment.
- Prolong the life of your lock – Apply 2-3 drops in key hole and shackle openings every three to six months for trouble free operation.

## Lock Lubricant

### Commercial Boxed Products

Product Number	Description	List Price (Each)	Master Carton Quantity
2305	5.25 oz. Aerosol Can, PTFE Dry Formula	\$10.57	12

## Notes

### How Edge Works

## Control and Eliminate Unauthorized Key Duplication

Padlocks are an important, effective and often overlooked cornerstone of security. Edge® Key Control gives you confidence and control over the integrity of your security network.

- Control and eliminate unauthorized key duplication
- Keys available only from Master Lock Company and authorized Edge® partners – copies cannot be made at stores
- Implement a single keying system across all padlock security applications

## Weatherbuilt™ & Solid Stainless Steel Padlocks

- Ideal for harsh weather and caustic or salty conditions
- Stainless steel chuckles with dual ball locking resists cutting, sawing and prying
- Weatherbuilt™ temperature resistant covers and shackle seals improve weather and debris protection on covered padlocks
- Rekeyable and easy to service
- Optional upgrades include BumpStop® Advanced Cylinder Technology and Edge® Key Control
- Custom marking available
